| Q2a) | A presbyopic patient requires the prescription: | |
|------|---|-----------|
| | R +2.50DS/-0.75DC x 20 L +2.00DS /- 0.50DC x 170 Add +1.25 DS R&L | |
| | The patient has previously worn single vision distance lenses only and is now going to try progressive power lenses for the first time. | |
| | Explain why the patient can no longer manage with their single vision distance lenses. | |
| | Give two facts in your answer. | (2 marks) |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| Q2b) | State five factors that will influence your choice of progressive lens type. | (5 marks) |
| Q2b) | | (5 marks) |

| Q2c) | Where is the fitting cross generally positioned on the face in a standard progressive power lens? | |
|------|--|-----------|
| | Discuss both vertical and horizontal positioning. | (2 marks) |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| 034) | State three additional measurements that may be required if | |
| Q2d) | personalised progressive power lenses are to be dispensed. | (3 marks) |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| Q2e) | If the frame is found to be positioned lower on the face than expected when the spectacles return from the laboratory, | |
| | what effect will this have on the patient's ability to use the | (2 |
| | spectacles? | (3 marks) |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

| Q2f) | State five pieces of advice in relation to wear and care of their spectacles that you would you give to a patient who is collecting their first pair of progressive power lenses. | (5 marks) |

End of questions for this paper

This page has been left blank.

DO NOT TURN THIS PAPER OVER UNTIL ADVISED TO DO SO BY THE INVIGILATOR

Important Instructions to Candidates

Please read carefully and follow these instructions when told to do so by the Examiner/Invigilator.

- 1. Before you start to answer any question, take a few minutes to read through the paper.
- 2. Please enter your candidate number and date in the boxes on the front cover of this booklet.
- 3. Please **DO NOT write your name** on the booklet. Candidates must remain anonymous for marking purposes.
- 4. You must answer questions legibly, using blue/black ink or ball-point pen. **Pencil may be used for graphs and diagrams only.**
- 5. Please note the examination paper has been designed for you to answer the stated number of questions within the allotted time.
- 6. You must read each question carefully and make sure that you know what you have to do before starting your answer.
- 7. You must write the answer to each question in the space provided.
 Additional paper may be used if necessary but you must show your
 Candidate Number and question number(s) clearly at the top of each
 page.
- 8. Please do not write in the margins.
- 9. Any extra pages used should be securely fastened together using a treasury tag. This includes any diagrams, additional graph paper or any continuation paper.
- 10. You are advised to carefully cross out any work not intended to be marked by the Examiner.
- 11. When answering mathematical questions, write **ALL YOUR CALCULATIONS IN FULL**. Even if you get the final answer wrong, you may get credit for the parts of the calculation that are correct.
- 12. Please do not tear out any part of this booklet. All work must be handed in.

Important Information for Candidates

- 1. Answer **ALL Four** questions.
- 2. Answer all parts for each question.
- 3. Where relevant, the marks awarded for each part of a question are given in brackets, e.g. (10 marks).
- 4. These symbols indicate that a diagram/calculation is required or a diagram needs annotating.
- 5. This entire document consists of 14 pages. Any blank pages are indicated.
